THE ARTS:
LITERATURE, MUSIC, ART, DANCES

"The great literacy and artistic heritage of Mexico,
both of the Aztec Indians and of their Spanish conquerors."

The tri-faced symbol was designed to commemorate the birth of the Mexican mestizo race or, more currently, the Chicano people.

The Spanish conquistadores interbred with the Mexican Indian, giving birth to the mestizo. Today, a mestizo is the term used to refer to the Spanish-Indian heir.

To differentiate between Mexican nationals and Mexican-Americans, the latter, many years ago, adapted for himself the name "Chicano" as a synonym for mestizo. Thus the tri-face symbolizes five hundred years of history: Spanish father; Indian mother; Chicano child.
